

ENDORISING ORGANIZATIONS (as of March 19, 2020)

The following 74 organizations have endorsed the Second Chance for Georgia Campaign's goal of changing Georgia's law so that certain misdemeanor and felony convictions can be restricted and sealed after a period of conviction free years. They recognize that expanding expungement will unlock opportunity for thousands of Georgians who want to work, rebuild their lives, and provide better futures for their families. They want Georgia to join the 40 other states that allow expungement of convictions, which, research has shown, increases public safety and benefits the economy.
